

## Runway Safety - Making the Right Decisions

Runway incursions can happen to pilots of any experience level and at any airport—staying “current” on ground operations is essential. In this free presentation, Sporty’s instructional team will provide the foundation for sound aeronautical decision making, going far beyond the basics in the AIM. It offers dozens of real world strategies for safer ground operations, a thorough review of airport signs and markings, and some sobering case studies of real accidents. You may be surprised by what you don’t know.

**Directions:** Take I-275 to exit 63B (Eastgate). Go East on S.R. 32 for approximately 3 miles. Follow signs to Clermont County Airport. Seminar held on 2nd floor of the Sporty's Building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
